NGPDF Mission Statement

The **MISSION** of the *National Golf Player Development Foundation* is, ***“To provide unprecedented funding opportunities to programs that provide skill development and playing opportunities to young people of color and connect them to premier experiences in competitive golf.”***

Why Support NGPDF

NGPDF funding assists to provide financial resources for male and female minorities who are interested in developing the skills to play **competitive** golf at the junior, high school, collegiate and professional level. Funding will also be provided for programs that assist in the development of the aspiring competitive players.

The goals of NGPDF include supporting participants to develop golf skills which will allow them to become competitive players at each level of the game of golf and to support organizations and individuals that foster and develop these individuals at each level.

Thank you for your consideration. For more information on National Golf Player Development Foundation, visit our website at www.ngpdf.org or call:
